SECTION I

General Information

Superintendent of Documents Sales Information

The prices of all U.S. Government publications sold by the Superintendent of Documents are established by the Public Printer in accordance with Title 44 of the United States Code. Prices are subject to change and the prices charged on your order will be those in effect at the time your order is processed. As it is not feasible to manually correct the prices in the publications affected by the price changes, the prices charged on your order may differ from those printed in the publication.

Subscriptions are accepted for 1 year only unless otherwise specified. Subscribers will be notified prior to the expiration of their subscription in ample time to effect a continuity of service.

It is necessary to include an additional one-fourth of the total cost of the publications ordered that are mailed to foreign addresses to cover the special handling required to comply with the customs and international mailing regulations. Exception: When subscribing to a subscription, do not send the additional one-fourth, as this is provided for in the foreign subscription price.

The average processing time for new subscriptions takes 2 to 6 weeks plus mailing time. The large volume of mail received each day makes it virtually impossible to locate a subscription order until it has been entered into the computer. Please take this into consideration before making an inquiry concerning your order.

Discount Policy
A discount of 25 percent will be allowed to bookdealers when the publications, pamphlets, periodicals or subscriptions literature are mailed, delivered, or forwarded to the dealer's normal place of business.

A discount of 25 percent will be allowed to quantity purchasers (100 or more copies of a single publication, pamphlet, periodical or subscription literature) when mailed to a single address.

No discount will be allowed when the publication, pamphlet, periodical, or subscription literature is mailed to a third party (unless in quantities of 100 or more).

Where to Order
Orders should be addressed to the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402. In addition to your address, please include the title, stock number, and price of the publication. For subscription orders include the subscription symbol that appears in the brackets following the price. For example, [ARES] identifies *Agricultural Research*.

How to Remit
The Superintendent of Documents requires that remittance be made in advance of shipment of your order. Your check or money order should be made payable to the Superintendent of Documents. Foreign money and postage stamps are not acceptable. Remittances from foreign countries should be made by international money order payable to the Superintendent of Documents, or by draft drawn in U.S.

dollars on an American or Canadian bank. Orders may also be charged to your MasterCard or Visa account. Please include your card number and date of expiration. UNESCO coupons are also acceptable from foreign countries. For the convenience of customers who make frequent purchases, a prepaid deposit account may be opened by remitting $50 or more. Upon receipt of your remittance, you will be assigned a special deposit account number against which future orders may be placed without making individual remittance or first obtaining quotations. It is suggested that a balance sufficient to cover 3 months' purchases be maintained to avoid the necessity of frequent deposits.

National Technical Information Service Sales Information

Where to Order

Orders should be addressed to the National Technical Information Service, U.S. Department of Commerce, 5285 Port Royal Road, Springfield, Virginia 22161.

How to Remit

Deposit Accounts. With the establishment of an NTIS deposit account, a customer has access to the most prompt and efficient method for placing orders with NTIS. Customers who maintain deposit accounts are not required to pay any service charge and may place orders by mail, 24-hour phone service, wire, or in person. The operations of a deposit account are similar to those of a demand checking account. Instead of sending payment along with each individual order, the customer advances sufficient funds to NTIS to cover several months of anticipated orders. As orders are processed, the Deposit Account is charged for the cost of the item shipped.

Deposit account customers should maintain a positive balance in their accounts. If the account is overdrawn, NTIS will be unable to process additional orders until the account is replenished. Also, as directed by the U.S. Treasury, NTIS is required to assess a late payment charge on all accounts overdrawn more than 30 days. To open a deposit account please send a deposit (minimum $25) to NTIS, Customer Accounts Section, 5285 Port Royal Road, Springfield, VA 22161. On receipt of your application and payment, an account will be opened in your name.

Checks and Money Orders. Checks and money orders are accepted for payment of orders, payment of invoices, and replenishment of Deposit Accounts. They must be made payable to NTIS in U.S. dollars and also must be drawn on a U.S. bank. To insure prompt processing of your checks, please indicate what service your payment is for, including applicable deposit account numbers, invoice numbers, etc.

UNESCO Coupons. UNESCO coupons received from the United Nations may also be redeemed at NTIS in payment for orders, invoices, or as replenishments to Deposit Accounts.

Credit Cards. NTIS accepts American Express, MasterCard, and VISA Ship and Bill Service. NTIS provides, as an occasional convenience to customers with established credit, a Ship and Bill Service, although the service is not usually as quick as other ordering methods. Items ordered are shipped and the customer is then sent an invoice that is payable on receipt. For this service, NTIS adds an administrative

charge of $5 to the total amount of each order, regardless of the number of items included in the order.

Special Credit Accounts. These special credit accounts are for State or local governments and State universities only. The accounts allow these organizations to obtain immediate credit and shipment of orders without advance funding. There is a charge of 10 cents per line item entry on each statement to cover the costs of this special service. Each month the user receives a statement itemizing all activity in the account. Payments for charges are due on receipt of each monthly statement.

To open a special credit account, please contact the Accounts Receivable Section at (703) 487-4770.

Photoduplication
A photocopy or microfilm of any out-of-print Department publications in the Library's collection may be purchased from the Lending Branch, ILL, U.S. Department of Agriculture, National Agricultural Library Building, Beltsville, MD 20705. Individuals and organizations without a library should request items on the Library's order form, which is available from the above address. Requests from libraries should be submitted on the American Library Association interlibrary loan form.

Electrostatic copy, microfilm and microfiche—
$5.00 for the first 10 pages or fraction thereof from a single article.
